PROFILE

Innovative front-end developer with 3 years' experience building and maintaining high responsive websites. Proficient in HTML, CSS, JavaScript; plus modern libraries and frameworks. Passionate about usability and performant web applications.

EMPLOYMENT HISTORY

Software Developer Intern at Apprangers Limited, Lagos, Nigeria
April 2019 – October 2020

AppRangers is a leading Software as a Service (SaaS) provider that specializes in software for the World Wide Web and mobile.

- Implementing a mobile-first approach to existing websites.
- Creating new features, functionality and capabilities on web applications using front-end frameworks, JavaScript, Ajax, HTML5 and CSS3.
- Recommending solutions for a streamlined, user-friendly interface with the design team.
- Performing bug fixes and code reviews and ensuring proper documentation and reports in all stages of product life cycles.

Front-End Developer at Zealarax Technologies
September 2018 – March 2019

Zealarax Technologies is a software solution company with zealous and tech skilled team ready to work and passionately to develop generic and custom-made software solutions to meet your individual and organization needs. As the Front-end Developer, my core activities included:

- Collaborating with designers to ensure designs were efficient and technically sound.
- Creating modular, responsive designs using modern CSS techniques and JavaScript libraries.
- Working directly with client stakeholders to develop technical solutions for business cases.

Volunteer Mentor, DevC Training With Andela

Lagos, 2019

#DevCTrainingwithAndela is a Facebook and Andela partnership to train 2500 developers across Nigeria and Kenya in web development technologies. Its goal is to empower current and future African technologists within the Developer Circles community to access opportunities for high-value employment.

I mentored front-end focused students on core JavaScript/programming concepts, basic RBDMS concepts, and career advice.

Lead Front-end Instructor, Programmers Hub. The Federal Polytechnic, Ilaro

2018

Training and mentoring students on front-end Web development.

EDUCATION

The Federal Polytechnic, Ilaro, Ogun state.

2016 - 2018

Degree: National Diploma in Computer Science

Owode High School, Owode Egba, Ogun state.

2009 - 2015

Degree: Senior School Certificate Examination

Nuel-Jos Nursery And Primary School, Owode Egba, Ogun state.

2002 - 2009

Degree: First School Leaving Certificate

TRANINGS AND CERTIFICATIONS

Grow with Google and Andela(ALC 4.0)

2019

The Andela Learning Community is a network of technologists and tech enthusiasts across Africa dedicated to learning how to use technology to solve humanity's problems. The ALC facilitated my learning through the aid of guided mentorship from super awesome learning community ambassadors.

CISCO IT Essentials

October 2016 - February 2017

Cisco's IT Essentials: PC Hardware and Software curriculum introduced the skills needed to help meet growing demand for entry-level information and communication technology (ICT) professionals. It covered the fundamentals of PC technology, networking, and security, and also introduced advanced concepts.

Vocational Training on Website Design, The Federal Polytechnic, Ilaro

October 2016 - July 2018
